

Governance

GDPR compliance

Have all the **required** information about your customer without breaching their **privacy**.

Easily comply your customer data with relevant **data protection** legislation.

What is Hyarchis GDPR compliance?

GDPR compliance is an application based on **Artificial Intelligence** that helps your Document Management System contents comply with relevant privacy legislation.

GDPR compliance is a **fully automated** tool that helps you to remove and/or blur sensitive personal information which your business does not strictly need in order to operate at full capacity.

Whether it comes down to GDPR or Basel IV, we help our customers to implement the principle of data minimization with the **highest possible ease**.

Security:

Our cloud environment is managed with state-of-the-art tooling to make sure that your customer data is always safe with us. Our solutions comply with **ISO 27001 & ISO 27018**
